Track Conditions Update

Rosehill is currently rated a Good 4 with fine weather forecast - a perfect surface for racing - but as mentioned in the preview, we are expecting the track to favour on speed runners, and we have done the form accordingly.

Eagle Farm is currently rated a Soft 5 with fine weather forecast - a perfect surface for racing.

We are very much on weather watch at Flemington with the track currently rated a Soft 6 after 3mm of rainfall overnight and a further 1-6mm forecast throughout the meeting. Let's hope no more rain falls as rain on race day can cause havoc, but if we do get the worse end of the forecast a downgrade to a Soft 7 would be on the cards.
